Feed Dispensers

Sprinkling

Soaking

The complete supplier

SKIOLD A/S is among the largest European manufacturers of equipment for mechanisation of modern farming, and has long experience with production and advisory services regarding feeding systems, ventilation, and plants for feed production. The target group is animal producers.

Many years as supplier for Danish as well as foreign customers have provided SKIOLD with a wide experience in satisfying the different requirements from animal producers worldwide, on the basis of different statutory requirements regarding animal welfare, etc.

At SKIOLD the customer is at the centre, and the product development takes place with focus on in-puts from the most foresighted producers in Denmark as well as on the export markets. The export sales constitute 35% of SKIOLD's total turnover.

The SKIOLD group consists of various companies, which are all suppliers to the primary farming, or related businesses, which strengthen their position through a close cooperation the individual companies in between; by way of example development tasks are often solved across the group.
